

A detailed map of Switzerland, showing its 26 cantons and major cities. The map is color-coded by canton: Zurich (red), Bern (orange), Lucerne (purple), Uri (green), Schwyz (light green), Unterwalden (yellow), Glarus (light yellow), Appenzel (orange), St. Gallen (purple), Thurgau (yellow), Schaffhausen (light blue), Aargau (yellow), Solothurn (orange), Basel (yellow), Fribourg (grey), Valais (green), Neuchâtel (purple), Vaud (yellow), Geneva (red), and Ticino (yellow). Major cities are marked with dots and labeled: Zurich, Bern, Lucerne, Zug, Schwyz, Glarus, Appenzel, St. Gallen, Thurgau, Schaffhausen, Aargau, Solothurn, Basel, Fribourg, Valais, Neuchâtel, Vaud, Geneva, and Ticino. The map also shows the borders of France, Italy, and Austria. An inset map in the top left corner shows the location of Switzerland in Europe, with the word 'SWITZ.' written on it.

(2½ pts)

A large grid of graph paper with 20 columns and 15 rows. The grid is composed of small squares, with a slightly larger square at the top left corner, likely for a title or header. The grid is intended for drawing a graph.

Réponse :

- (b) Le train intercity 1 relie les villes de Lausanne, Fribourg, Bern et Zürich. Il met 50 min pour relier Lausanne et Fribourg. Combien de temps dure le voyage Lausanne-Zürich considérant que le train roule à vitesse moyenne constante pendant tout le trajet? (8 pts)

Indice : commence par calculer la distance entre Lausanne et Fribourg avant de calculer le temps de trajet entre Lausanne et Zürich.

Espace pour ta démarche et tes calculs

This image shows a full page of blank graph paper. The grid consists of small, uniform squares formed by thin, light gray lines. There are no margins, text, or other markings on the page.
